### Omschrijving:

We rent a modern one-room apartment in the heart of Alt- Tegel. The distance to the Tegeler See is 5 minutes on foot. The apartment is located in the front building on the right of the well-kept old building and has access to the fenced terrace located in front of the house. This is available for use by the tenants. The surrounding area is characterized by a quiet and at the same time green residential area. The surrounding area can probably be described as a well-kept bourgeois Berlin neighborhood. Within walking distance in 3-4 minutes is the Tegel pedestrian zone which leads directly to Tegeler Lake and has many restaurants, cafes, and bars. Shopping facilities are more than sufficient. The Borsighallen as well as the newly opened Tegel Quarter are also within walking distance in a few minutes. The City - West or - East are also very easy to reach due to the good infrastructure with subway, S-Bahn, buses and city highway.
