Omschrijving:

Property with a bedroom house (to be improved and finished renovating), a lovely studio, several outbuildings and a pleasant exterior. The house is old and has a lot of character that just needs to be enhanced. The advantage of this property is that the studio is immediately habitable, providing a place to live while the house is being improved. Another strong point (and not the least) is the location: the property is in a beautiful hamlet on the banks of the Charente less than 3 km from Verteuil (so accessible on foot or by bike).
