Omschrijving:

Casa del Cielo is one of our favorite homes in Olvera. Perched on a high spot along the street, it boasts a spacious patio beautifully adorned with a variety of potted plants. Located on the village's edge, it provides easy access to scenic countryside paths as well as a short stroll into the village center.

This charming corner home, with its bright blue skies above, elevated terrace, and lush greenery, offers a peaceful and airy atmosphere with a wonderful sense of space. Upon entering, you'll find a large San Juan-style entrance that leads into the main part of the house. The interior features a cozy sitting room, a dining area, and a spacious kitchen equipped with functional units. The kitchen opens to a patio with an adjoining bathroom and enough room for outdoor dining, along with steps leading to a large internal terrace. At the back, there's also an additional outdoor kitchen and a flat roof, which could be transformed into another terrace with panoramic views of the Sierras.

Upstairs, there are three generous bedrooms, with one leading to a family bathroom and a smaller room that could serve as a bedroom or dressing area. But the true highlight of this home is the view from the front door and patio, where you can enjoy the well-kept plants of neighbouring properties, creating a warm community atmosphere.
