Excellent business premises for sale at a reasonable price. There is a parking lot for about 12 trucks or 80 cars, which ensures efficient handling of any goods. The parking lot can be expanded by approximately 40 cars. In addition to management needs, the office spaces in the building can be converted into apartments or other multifunctional spaces. The basement of the building with security equipment is suitable as a safe or large servers requiring cooling. An upper superstructure of the structure is also possible. It is an excellent free standing space suitable for a company with any business perspective. A VOLVO car factory is being built nearby, so it would also be suitable as a possible dormitory for employees.

A wide staircase enables the installation of a large-capacity elevator. There is enough space to add another wing.

The basement is in perfect state with many functional possibilities, and above there are 5 floors yet. It is suitable for business, offices as well as storing and small manufacturing.

The construction is relatively young, built in 1985. The site has an overall acreage of 5090 square meters with the parking area. The access is possible for camions and long vehicles as well. The ground works of construction are created with self-supporting ferroconcrete skeleton.
