Description:

Pull off Coniscliffe Road, wind your way down Elton Parade and find this perfectly proportioned red-brick end of terrace standing as beautiful and proud as it did over 100 years ago. Arrive on the driveway, pull off the road and park your car.

Step inside, onto the traditional wooden floors of the entrance hall. Embellished with plaster roses and beautiful archways, creating a captivating first impression, celebrating its period glamour.

Slip through the door to the right into the sumptuous living room, cosy up on the sofa in front of the ornate fireplace and watch a winter classic. Travel back through the entrance hall, past a handy downstairs shower room.

Enter the dining room where Kardean floors meet beautifully decorated walls, creating a calm and relaxing environment perfect for wining and dining. The hub of the home and a true focal point is the modern and stylish kitchen, where cream units sit beneath a solid oak worktop. Take the door into the West-facing Garden, enjoy a glass in the evening sun or a BBQ amongst friends and family.

When sleep entreats, bedroom bliss awaits on the first floor. Find two large double bedrooms both brimming with light from large windows, filled with original features and full of character. Peep through the door on the landing and find a stunning bathroom, enjoy a bubble-filled soak in the roll-top bath.

Step outside where a walled, suntrap garden beckons. The red-brick wall not only creates a courtyard feel, it also captures the best of the sun's warmth. Sit amongst the blossoming flowers and mature shrubbery whilst enjoying your favourite tipple.

The vendor loves: A beautiful home, full of character.

We love: A truly stunning home, with an abundance of personality.
