The main building dates back to the 19th century, but certain parts of the estate, such as the washhouse, the dovecote and the mill built in the 16th century, bear witness to a much earlier presence. As early as 1554, we find official writings attesting to the presence of vines cultivated here. Several centuries later, in 1986, the estate was purchased from the family of Marshal Leclerc de Hautecloque. With its strong historical heritage, this exceptional property is just as well suited to events (corporate meetings, weddings, seminars...) as it is to bed & breakfast and catering.

Also available by separate negotiation:

Within the estate are 92ha of vines and 38ha of farmland around the 360o château, where 2 lakes and a dovecote are located below. On the lower level of the estate, a house with a barn is currently rented, as well as a house to be renovated and its adjoining barn.
