Property Details

The villa is located in Valado dos Frades (Nazaré), is in excellent condition, has 4 bedrooms, living room

with fireplace/stove, fully equipped kitchen, on the garage floor – which supports 2 light vehicles, There is also a studio with bathroom.

The issue of environmental sustainability is considered in the housing's equipment, with a heat pump system for interior heating, a solar panel for water heating and the installation of rainwater storage cisterns to supply irrigation and the swimming pool.

This villa is excellently accessible (A8 motorway) and is just 10 minutes from Nazaré beach.

In the town of Valado dos Frades and within walking distance of the house, you can find all the services you need for a truly simple life like the towns on the Silver Coast offer. Valado dos Frades – a parish in the municipality of Nazaré with around 3,000 inhabitants – has: minimarket, butcher's shop, pastry shop and bakery, restaurants, cafes, pharmacy, post office, police station (GNR), health center and parish council and access to the highway.

Valado dos Frades is a parish in the municipality of Nazaré, it is a place where its people have traditionally been linked to culture and sport. One of the highlights of the town's life is the annual holding of one of the best-known Jazz Festivals in Portugal.

Living in Valado dos Frades means being able to fully enjoy the calm and simple lifestyle of the Silver Coast, in a unique environment of communion with nature and breathing the country air, as the house is surrounded by pine forests and agricultural fields. , but located in an urban area.

However, in just a few minutes you can be by the sea, in the most typical fishing village in Portugal – Nazaré – and enjoy its magnificent beach, its Avenida Marginal with its cafes and restaurants, and enjoy socializing with its people.

Being on Nazaré beach and taking the elevator you reach another point of interest in the area and known worldwide for the Sanctuary of N^a Sra^a da Nazaré, for the magnificent views over the beach with unique viewpoints and terraces and, in recent years, because of the giant waves . Throughout the year, the Forte de São Miguel Lighthouse is a place to visit for lovers of Big Wave Surfing to admire the Nazaré Canyon and the fantastic Praia do Norte.

The property comes equipped with a water pump system, valued at approximately €30,000 according to my contractor, which was installed by the previous owners. Additionally, there are two solar panels on the roof dedicated solely to heating the pool, not the house itself.

In summer it's peak rental in the season, but in the winter you have the biggest surfing waves on earth here so you have a lot of groups looking to rent a property here so it can get all-year-round rentals.
