Highlights:

- Efficient floor plans
- Green, elaborately designed courtyard garden
- Underground parking spaces, some with power connections
- High ceilings

Area

The urban core of Berlin is a green refuge, a peaceful oasis amidst the grandeur and sophistication of the city.

Few neighborhoods in Berlin have as much charm and diversity as the trendy district of Friedrichshain. Originally shaped by the creative scene, the area has evolved into one of the most sought-after residential areas in the capital with its various historical neighborhoods.

With the development of “Mediaspree” along the Spree River, a new quarter has emerged on the former industrial area between Ostbahnhof and Oberbaumbrücke. The development combines residential and workspaces and has attracted major companies, including Mercedes-Benz, Universal Music, Zalando, and Amazon.
