Description:

Taama Residential Resort Air Park in unity with nature wants all the buildings and houses within the development to produce more energy than they can consume. This way you will send energy to the CFE avoiding payment on your electricity bills and you will reduce your maintenance fee. Residents will be an active part of an eco community that will protect life creating a better planet for future generations.

Our goal Zero Emissions City
Energy independence
Zero co2 generation in homes
Use of clean energy
High efficiency garbage and recycling system
We value every drop of water
We reuse every rock removed for construction
Nursery with rescued plants and trees
Use and implementation of new technologies.
