Description:

This superb stone mill is in an idyllic location, with extensive grounds of over 8 hectares and no close neighbours.

This haven of peace has uninterrupted views across its private grounds which include 450m of river frontage, a waterfall, a lake of around 2000m², five springs, woodland, fields, an orchard, several kilometres of paths for nature walks, mature trees, shrubs, a variety of plants and flowers, and fruit trees. The land would be ideal for horses or other animals, and local amenities are only a short drive or bike ride away in Champagne-Mouton.

The property has recently been upgraded and has a new kitchen, entrance hall and shower room. It offers ground floor living, and in addition has a self-contained gite/apartment on the first floor, and an independent studio/gite, providing opportunities for rental income.

An attached barn has potential for conversion to further accommodation (with relevant planning permissions). Beneath the main house are 4 storage rooms where you will find the newly installed heat-pump. There is also a charming old bakery which can be used as an outdoor dining-area, currently used as a studio and work room, with a covered terrace..

Fibre internet is available and therefore ideal for remote working.
