### Description:

Property comprising of 2 floors and terrace, situated in the picturesque village of Algarrobo, just a few minutes from the motorway that connects with Malaga and a short drive from the beach of Algarrobo Costa.

It has a total area of 101 m2 distributed in lounge dining room, kitchen, bathroom with bathtub, three bedrooms and terrace.

It is in a good state of conservation and in a very quiet area where it has all the services and very close to the big urban centres of the region.

The very geometry of Algarrobo means that its streets are narrow and only pedestrians can access practically the whole of the village. To get to the house we must park the car in the car parks provided in the urban perimeter and walk to the house (5-7 minutes).

Climbing a flight of steps that separates us from the Calle Enmedio, we access the house where a small terrace welcomes us. Under this terrace there is a storage room for the private use of the house. Entering the property, we are welcomed by a spacious and bright living-dining room. To the right is the kitchen

and further on a bathroom with bathtub. On the other side of the living room there is a small storeroom which takes advantage of the stairwell leading up to the first floor.

Once the stairs have been completed, we enter directly into the master bedroom with a window onto the street, following a corridor we reach the other two bedrooms, separated by a partition wall that can be removed at any time to provide a large bedroom if desired.

The last flight of stairs leads us to the terrace, which occupies the entire floor area of the house. From here we can see the whole village with a main orientation towards the east. From one side of the terrace we can also see the coast.
