Informação adicional:

We present this fantastic property consisting of a house and land.

The house consists of a first floor with a cellar and a storage area. On the upper floor we have a threshing floor, a kitchen, three bedrooms and a living room.

The property is built of stone and the floors and roof are made of wood.

To the rear of the house is an incredible plot of land with several olive trees, fruit trees and a well with water. The land is crossed by a small stream which, in winter, carries a small flow of water.

The land consists of three levels, one of which has a threshing floor with a storage shed. It is bordered on two sides by a cobbled road and on one side by the main Aradas road.

Located in a quiet area of the valley, it is just 5.5km from the town of Penela (where you can find a pharmacy, health center, nursing home, cresces, school up to the 12th grade, supermarkets, banks, etc...), the IC3 is just 5.4km away and the A13 is just 5.6km away. The city of Lisbon is 2h15 away, the city of

Porto is 1h44 and the city of Coimbra is 28 minutes away.

Compracasa is a Real Estate Network made up exclusively of members of APEMIP (Associação dos Profissionais e Empresas de Mediação Imobiliária de Portugal), a guarantee of professionalism and protection of the rights of consumers and users.

Today, APEMIP occupies a prominent position in the national real estate market, both because of its continued commitment to affirming the role of real estate professionals in our society, and because it has gained a greater share of the real estate transactions market, in line with its motto "Strengthening Mediation, Boosting the Economy and Serving Consumers".

For its part, UCI (União de Créditos Imobiliários) is a financial institution that specializes in granting mortgage loans to individuals through real estate professionals. UCI is the result of a joint venture between two of Europe's largest financial groups: the Santander Group and the BNP Paribas Group. From this union comes the commitment to help develop the real estate brokerage sector, putting at its fingertips the best tools to boost the real estate business.

In this sense, it is perfectly logical that these two leading entities in the real estate brokerage sector (APEMIP and UCI) signed a collaboration agreement in June 2004, giving rise to ComprarCasa - Apemip's Real Estate Network.

ComprarCasa started its commercial activity in August 2004 based on the mission of "Being the Largest and Best National Real Estate Network offering multiple services to real estate agents, based on the concept of a common brand", enabling and enhancing synergies that become added value for the market, namely for you who want to sell, buy, rent or transfer a particular property.

ComprarCasa Coimbra Quality Policy
