Adicionado:	23/08/2024

Informação adicional:

This project offers 12 high-quality, modern villas, each featuring 3 bright bedrooms and 2 bathrooms. One has the option to include a basement as an extra, providing additional space and flexibility to add more bedrooms or other areas to be used according to own preference .

The villas are constructed with sustainable, modern materials and boast first-class finishes, ensuring both style and durability. They are equipped with high-quality aluminum windows that enhance natural light and contribute to the overall bright ambiance of the homes. Each villa includes a private swimmingpool, surrounded by terraces and a lovely garden. A perfect area for your family to relax.

The standard equipment of the villas is very complete with installed air conditioning, complete kitchens including white goods, a home automation system, solar panels on the roof, etc. For even more extras, various options are available if required.

The properties are designed with high energy efficiency in mind and incorporate solar energy systems, making them environmentally friendly and cost-effective to maintain. (Aerothermia system) Developed by a first-class building company, these villas are a testament to superior craftsmanship and attention to

detail.

Situated on flat plots, these homes are conveniently located just 5 minutes from the town center and 10 minutes from the coast, offering easy access to local amenities and scenic coastal areas. The city of Alicante and the Airport can be found at 35 to 40 minutes' drive. The property will be completed before the summer of 2025.

Prices range from €595,000 to €699,000 depending on plot size. Plots vary between 351m and 599m2.
