REDUCED in price - Cottage With Attached Barn And Garden, to renovate completely, with an attached garden of 843m². Good potential. Possibility to convert the barn to increase the habitable surface of the house.

The house offers two rooms of 25m² each, each one with an open fire and windows.

The barn, which communicates with the house, has a surface of approx 90m² on each floor and there are two floors. It has an access on the street, so the barn could also suit for a garage.

This property is full of charm and could make an ideal holiday home, once renovated.

It is situated in a village at 5 minutes (by car) from the local market town.

The department of Charente is located in the centre-west of France and is part of the Poitou-Charentes region along with Deux Sevres, Charente Maritime and the Vienne department.

Its name as is often the case comes from the river Charente which snakes through the department. Two local dialects are spoken in the area, Saintongeais in the west and Occitan to the east.

Charente is a thriving department for several reasons, Cognac production is one of the most interesting and profitable industries, the export level of approx. 95% is a success, the consumption in France being only 5% (some say they keep the best 5% in France!).

The department has many typical towns, Angouleme in the south east for example hosts an international festival that attracts hundreds of visitors and is not to be missed.

The region is popular with hikers, bikers and nature lovers who like to discover the woodlands, lakes and streams that are part of this amazing landscape.
