The quality of life, motivated by the low population density, tourism sustained by the typical and paradisiacal landscapes and one of the best river beaches of Lake Alqueva, associated with the only tranquility of Alentejo, make this region one of the best regions in Portugal to live in and one of the best in the world to invest.

It is a region full of advantages and opportunities, attractive not only to tourists, but also to national and foreign investors.

If you still have doubts, we present you with some reasons that can help you in the decision-making process.

The Climate

The climate of the Alentejo Region is the hottest in Portugal. Minimum temperatures vary between 5°C and 16°C and maximum temperatures can very easily reach 35°C, which makes this region very attractive for those who like heat, especially in summer and dispense with the typical coastal hustle and bustle.

Nature

In the Alentejo you can breathe free and pure air. It is a region rich in heritage, plains, mountains and

beaches, which mix blue and green in its landscapes as far as the eye can see.

Tourism

Climate and nature are two of the main pillars of Alentejo tourism. Calm and safety, combined with typical gastronomy and quality wines, are the other factors that influence tourists to visit the Region.

The Quality of Life

Low population density, seen as an advantage, influences the quality of public services, which are often more agile and effective. In addition, it is synonymous with quality of life and ample room for growth in several areas yet to be explored.

Are you convinced? Then come and visit this property, I will be here to accompany you and help you throughout the process!
