A convenient and communicative place, one of the most preferable for living. High-quality materials were used in the building at all stages of construction, fully adapted to the humid climate and proximity to the sea. It will consist of six floors with a modern design, luxurious common areas, two elevators. For the comfort of owners and guests, there will be a free beach area in front of the building. Nearby are seasonal

restaurants, a small harbor with boats, a pedestrian area to the Old Town of Pomorie. Nearby are the luxurious hotels Festa and Penelope Palace.

Pomorie is a Bulgarian resort famous for its healing mud, crystal clear sea, delicious food and quite reasonable prices. It is located 7 kilometers from Burgas International Airport, and within 10-15 kilometers from Nessebar and Sunny Beach. There are no noisy discos here, but there are many parks, sanatoriums and playgrounds. An ideal option for a family holiday. The city is divided into two parts: old and new. The old is located on a peninsula jutting out into the sea for five kilometers. The new occupies the mainland. They are connected by two narrow isthmuses in the north and west. It is from the isthmuses that one can best admire the sunrises and sunsets.
