Informação adicional:

We have recently taken on a lot of new agents in France who are adding hundreds of new listings every week, there is a delay in translating these listings into English but we are making good progress.

If you want any particular property listing translated or simply want more information then just use the 'Make an Enquiry' button or contact us via the property listing and we will prioritise the translation for you.

Apologies for the For Sale overlay on the images, this particular agent is in a very competitive sector and wishes to protect their images from being copied. If you want to see clean images of this listing simply Make an Enquiry and we will respond.

The Vienne department is in the region of Poitou-Charentes. The name of the department comes from the Vienne River and the area benefits from an interesting location that is not far from the Atlantic but also close to the centre of France.

Poitiers is the main town of the French department, with its massive theme park attraction.

The countryside is made up of rolling hills and the climate is mild, similar to the Aquitaine which is considered one of the best climates in France, with mild summers and soft winters. The proximity of the sea and the mild climate play a major role in the wine growing industry.
