In what is probably the most important and elite residential area of Bizkaia we find this impressive villa in a situation and with characteristics very difficult to overcome.

The house has 1000 m² of which approximately 900 m² are useful.

On level -1 we find among other rooms a covered garage area with a mechanical repair section, boiler room, a wonderful Txoko with kitchen and dining room, spa area with Turkish bath, 12-seater Jacuzzi and gym.

On the ground floor we have a majestic entrance in which to emphasize the elegant and extraordinary staircase of solid wood of exceptional quality (as well as all the wood of the house), a wardrobe area, a very large living room with communication to the garden and windows that take advantage of natural lighting, fully equipped kitchen, service area with room and bathroom and a living room and an impressive office.

From this plant we access the garden area in which we have storage shed for garden tools and a pool of approximately 11 X 7 meters.

On the first floor we arrive at the rest area with four rooms all of them as is logical with its own bathroom and the main room of 50 m² in the rest area and with a large bathroom among other extras with a two-seater Jacuzzi, one of the rooms has a terrace, also has a space for work area and office.

Finally, on the 2nd floor we have a beautiful open penthouse with another impressive terrace.
