Описание:

Sue Cox Inmobiliaria is pleased to offer for sale this century old Canarian house in the quaint village of Maguez, Lanzarote. You enter the the house through large double wooden doors , to the right is the living room with windows to front aspect and to the left is a large bedroom with windows to front aspect. The hallway leads you to the internal open patio which provides access to the other rooms. There is a bedroom/office and the kitchen which form part of the original building, built with "canto" (large blocks made from volcanic rock). You will also find another large bedroom, bathroom, utility room and also a large garage. Exterior doors and windows in the patio and to the rear of the property are aluminium, to the front the windows are wooden to keep with a traditional feel. Outside to the rear of the property you have a large cultivated plot currently used for growing grapes and to the side of the property is off road parking. Viewing is by appointment. Call us today.

Location

Maguez is close to Haria the municipality town. The area is very good for farming and locals can be seen in the fields with donkeys attending to their produce. It has lovely mountain views and only a few minutes drive to the coast and Arrieta beach.

Haria is described as the valley of a thousand palms and is one of the greenest parts of the island. The hills are terraced and locals grow anything including vines, garlic, corn and flowers. The town has lots of interesting buildings and a craft market each Saturday.
