Описание:

Beautifully house located in the Rhodope Mountains, almost at the end of the village, on a hill with a breathtaking view and easy access to nature, forests, and endless mountains with a deep and magical atmosphere. Summers are delightful here because it is about 1000 meters up in the mountains, so the sun shines brightly but it's not too hot, and the nights are cool.

The house has two floors: one with two spacious bedrooms (one with full windows overlooking the valley) and a smaller third one, and a bathroom with a shower.

The other floor features a large living room with a dining table, couch, and a modern fully equipped open kitchen, as well as a second bathroom with a shower. Warm water is provided electrically, tap water is mountain water ready to drink, and for colder days, there's an oven with firewood that is also connected to a modern heating system for the whole house.

The house has large windows, was completely renovated last year, and the furniture is new.
