In the old centre of Oschiri, in province of Olbia-Tempio in Sardinia, a few meters from the services, House Federico is a period building in the typical style for the homes of wealthy families of old times. The 400 sqm house has to be restored, and has a 30 sqm garden, a terrace and an attic with a solarium with views.

In House Federico the rooms are on three levels, plus an attic with a solarium with views of the village and the countryside, which is accessed with an iron spiral staircase.

On the ground floor, with entrance from a large square, there are three large rooms and a spacious entrance hall with stairs.

On the first floor there are four rooms with fine antique floors and frescoed ceilings, and a balcony.

On the second floor there are three rooms and the terrace.
