soleminis info

About 20 Km from Cagliari, the village of Soleminis (1834 pop.) lies in a hilly area of the Campidano of Cagliari, on the border with the mountains of Serpeddì.

In one of the most fertile areas in southern Sardinia devoted to agropastoral activities (vines, olives and cereals), this village is characterized by the production of bread and honey, the collection of herbs, and breeding poultry.

Numerous archaeological sites in the area are evidence of the presence of significant settlements since the prenuragic period .
