Açıklama:

A rarity on the market!

For sale is a station with an area of 52,800 m2, only 900 m from the sea.

There is an old autochthonous Istrian house on the property, and the water is piped to the land.

The property also has an olive grove with 120 old olive trees, which gives the whole property a special charm.

An exceptional location for the construction of a villa with a swimming pool and accompanying facilities, which, due to its micro location, provides the future owners with an indescribable feeling of peace, quiet and maximum privacy.

An ideal location for investors looking for a spacious plot of land for the construction of a hippodrome with accompanying facilities.

It is far enough away from the urban crowd, yet only ten kilometers from the center of Poreč.

A property worthy of attention.
