### Açıklama:

The villages of Esquio and Pessegueiro and their surrounding area of around 300 hectares are located in the parish of Espinhhal, Penela.

Esquio is located on the spur of the Serra do Espinhhal, at an altitude of 750 meters. It has 65 houses, a public fountain and a small chapel whose patron saint is Santa Quitéria. Pessegueiro has 64 dwellings and is located at an altitude of 550 meters.

Both villages have been abandoned for around 23 years.

A project has been developed to recover and transform the two villages and their surroundings into a development on an international scale. The project is aimed at sports and leisure tourism. The project is currently on standby, looking for an investor.

This is a unique opportunity in the country.
