### Istria, Medulin

From a small fishing village, Medulin has grown into a popular tourist destination known for its beautiful beaches, nature and hospitality. In a quiet location, just a few minutes from the beach, a completely renovated house with a sea view is for sale.

The house consists of three apartments, each with a separate entrance. The first apartment is on two floors: on the ground floor there is a living room with a kitchen and a bathroom, and the staircase leads to the first floor where there are two bedrooms and a terrace. The second apartment is entirely located on the first floor and consists of a spacious living room with a kitchen that opens onto a terrace with a view of the sea. In the continuation of the apartment there is one bedroom and a bathroom. The third apartment is located on the ground floor and has a living room with a kitchen, one bedroom, a bathroom and a terrace. The house has been completely renovated: new electricity, plumbing, sanitary facilities, carpentry, roof. Tiles have been installed in all rooms and air conditioners will be installed. The house also has a chimney that should be opened so that there is a possibility of wood heating. The yard will be completely fenced with parking spaces. Inside the garden there is room to build a swimming pool. The property is sold furnished.

Given its good location and complete renovation, the property is great for living and renting, which would return this excellent investment.
